

PIRATES TAKE 3-2 LEAD IN SERIES

Face Again Is Star in Relief

NEW YORK (UPI) — The Pittsburgh Pirates moved to within one victory of their first world championship since 1925 today when Gil McDougald's second-inning error paved the way for two unearned runs and a 5-2 triumph over the New York Yankees in the fifth game of the World Series.

Harvey Haddix received credit for the victory but Elroy Face, brilliant relief hero of the Pirates, came out of the bull pen in the seventh inning to choke off a Yankee rally and then shut out New York in the eighth and ninth. Face has "saved" all three Pirates victories in the series.

MacDOUGALD'S ERROR was the key play of the second inning in which the Pirates routed Art Ditmar for the second time in the series and took a 3-0 lead.

Dick Stuart started the inning with a single to left field and was forced by Gino Cimoli. Smokey Burgess then rammed a double into the right field corner, sending Cimoli to third. Shortstop Tony Kubek fielded Don Hoak's routine grounder but McDougald missed his throw attempting to retire Burgess at third, Cimoli scoring. Burgess reached third safely and Hoak going all the way to second base.

BILL MAZEROSKI'S high-bounding double down the left field line scored Burgess and Hoak with a pair of unearned runs.

THE PLAY-BY-PLAY FOLLOWS:

PIRATES FIRST
Virdon fouled out.
Clemente grounded out.
No runs, no hits, no errors, none left.

PIRATES THIRD
Groat doubled.
Clemente singled, scoring Groat and putting the Pirates ahead 4-1.

Howard was safe at first when Groat's throw pulled Stuart off the base. It was an error for Groat.
Richardson lined to Mazerowski and Howard was doubled off first.

Supports Policy Line of Russia

UNITED NATIONS, N. Y. (UPI)—President Sekou Toure of Guinea blamed the United Nations today for the confusion in the Congo and said this had helped the worst enemies of freedom.

The Moscow-trained African said the United Nations "has taken away from peace and security more than it has supplied to it" in the Congo.

HE FOLLOWED the Soviet Union in demanding United Nations support for leftist Premier Patrice Lumumba, now in the middle of another attempt to regain power in the Congo.

"It is impossible not to place the United Nations in the very center of responsibility for the confusion created in the Congo," Toure said.

Toure generally supported Premier Nikita Khrushchev's policy line.

THE NEGRO leader, wearing the ceremonial robes of Guinea, one of the most powerful new nations in Africa, called for the proclamation of "immediate and general independence" for oppressed countries.

"There are no inferior peoples," he said. "With equal force, we condemn exploitation and domination as well as a feeling of superiority."

Toure, a recent visitor to Moscow and Peking, and considered one of Russia's best friends in Africa, was closing out the summit phase of the General Assembly.

TOURE, A LATE arrival for the assembly session, and Khrushchev are among the last remaining heads of state still here. Leaders of the Polish, Czech and Albanian Communist delegations leave Tuesday and Khrushchev Thursday.

Khrushchev, who is expected to speak tonight on the Soviet disarmament program, meanwhile was still busy wooing Afro-Asian nations. New York police said they were informed Khrushchev would be host for 40 Afro-Asians at lunch today.

TOURE, EDUCATED in Moscow and Prague, arrived in New York last week from his West African capital at Conakry after having a "friendly" talks.

Israeli Foreign Minister Golda Meir, a onetime Milwaukee, Wis. schoolteacher was listed as last speaker in the day's general debate.

UNEMPLOYMENT TOTAL DECREASES

WASHINGTON — (UPI) — Unemployment fell by 400,000 in September to 3,338,000, a better than normal improvement over August, the Labor Department reported today.

The number of Americans with jobs dropped by 515,000 from the August level. But the September employment total of 67,767,000 still was a record for the month.

NORMALLY, THE department workers who had been laid off in said, the number of job holders would have dropped about 750,000 in September.

The department said the relatively favorable trend in both unemployment and employment reflected recalls to work of auto August while the industry geared for model changeovers.

SEASONAL PICK UPS also were reported in retail trade. On the other hand, there was an autumn cutback in employment in construction activity.

Despite the step-up in auto output, manufacturing employment as a whole rose by only 60,000 in September, a "below average" gain, according to the department.

Partly explaining this was a further decline in employment at steel mills, where some 140,000 workers have been laid off since February.

THE DECLINE in unemployment pushed down the jobless rate from 5.9 per cent in August to 5.7 per cent in September. The department said this was the second highest rate this year.

It meant that 57 of every 1,000 persons in the labor force were out of work and seeking a job in September.

Arrest Follows Accident Early This Morning

Minor injuries and a drunk driving charge resulted from a post 2 a.m. collision for Robert James Burns, of 2219 McCallum Way, this morning.

Police said that Burns, leaving a South Palm Canyon Drive night spot after closing hours, managed to:

—Ram an unattended sedan owned by Walton G. Parks, of Bakersfield.

—Knock over two gas meters.

—Down a power pole.

Burns received treatment at Desert Hospital for minor injuries, was booked on the drunk driving charge and posted \$263 bail this morning.

He is scheduled to appear in Palm Springs Justice Court at 9:30 a.m., tomorrow.

\$1,250,000 INVESTMENT PLANNED

New Mobile Home Park Now Under Construction; 640 Sites Scheduled

Representing an investment of more than \$1,250,000, a new mobile home park, described as the largest privately owned of its kind in the United States, is under construction today in the Palm Springs area.

Designed to have sites for 640 mobile homes, the project is Date Palm Coves on Date Palm drive between Highway 111 and Ramon Road, according to Frederick Stearns, president of the Fairway Construction Co.

STEARNS SAID that the initial construction work is on locations for 190 mobile homes, each site being large enough for the largest trailers now being built.

The design of the area differs from other mobile home locations, Stearns said. The home areas will be of a keyhole design, with each

site coming from a circle rather than being a series of lines or lanes. This design will lend itself to new types of landscaping.

STEARNS, A graduate architect and ex-Navy officer, said that all utilities for the parking sites will be underground. These will include electricity, water, gas and television outlets. Each space will have its own paved patio, as well as space for lawns and landscaping.

Also planned, he said, are a luxurious clubhouse of 12,000 square feet, a swimming pool and other recreational facilities.

WHILE THE housing code suggests 900 square feet for each site and the Federal Housing Administration desires 1,000 to 2,400 square feet, Stearns said that the Palm Date Coves will provide in

excess of 3,400 square feet for the medium priced locations. Leases on sites are available now, Stearns said.

ASSOCIATED IN the construction project are J. F. Davidson, Riverside civil engineer; Jerry Sanborn, Palm Springs, surveyor; Thomas R. Cooper, Palm Springs, structural engineer; Chet Noyes and Hank Simmons, Orbit Electric Co., Cathedral City, electrical engineers, and Herman Charles Light, Los Angeles, architect.

Besides Stearns, the board of directors of the firm building the project include Elmer H. Young, Sr., Palm Springs, secretary; Mervin "Jack" Estes, Palm Springs, and Lawrence Crossley, Palm Springs, vice presidents.

The project is being built on an owned land on which a 60 year lease has been negotiated.

SERIES RIVALRY EXTENDS TO CASEY'S HOME IN GLENDALE

GLENDALE 4P — The World Series rivalry has extended to the Glendale home of New York Yankee manager Casey Stengel where 5-foot high letters spelling "Pitt" were burned in his lawn.

Charles Davidson, 18, a neighbor of the baseball manager, put out the fire with a garden hose after it was ignited Sunday night. Gasoline was poured on the lawn and then set ablaze, investigators said.

TREATMENT AND PREVENTION of diseases of the mouth are under intensive study by members of the American Institute of Oral Biology in the Palm Springs Riviera Hotel where 175 dentists are meeting for four days. Officers of the organization are shown here discussing the seminar program. From left to right they include Dr. Hermann Becks, president; Dr. James W. Smudski, technical associate and advisor; Mrs. Marion Lewis-Meyer, executive secretary; Dr. Arthur L. Jensen, first vice president, and Dr. George F. Ward, third vice president.

AFTER SUNSET

School of Dance Retains Borine

By GEORGE LAINE
Norman Borine, who made a great impression here last season with his knowledgeable instruction for students bent on modern jazz dancing, has been contracted by the Palm Springs School of Dance for the current season.

The addition of Borine will give the dance academy in the Plaza one of the best rounded setups available in the State of California, I believe. Borine will join with master choreographer David Lichine and with Jon Torrance, one of the Southland's best-rounded instructors, to give the school a corps of teachers that can compare with the best anywhere.

IN ADDITION to his instructional activities here last season, Borine's performances — and intuitive choreography — were on view for attendees at the Waif Safari Ball, the Shadow Mountain Ball, the Backstage Roundup for the Friends of the Ferrall's Playhouse and other events.

Borine will continue to retain his association with the Mark Boyd Studio in Beverly Hills and with Coronet Theater in Los Angeles.

The artist is also in the process of reorganizing his International Children dance troupe — a longtime feature of Eleanor Powell's "Faith of Our Children" TV show (which won five Emmys) — and may shake down his charges with a performance here. (Borine does plan to take the children on an extensive tour next summer, perhaps out of the U. S.)

THE HONOLULU Star-Bulletin for Oct. 4 quotes Palm Springs Mayor Frank Bogert to the effect that "Honolulu is an ideal resort town — a model for us (Palm Springs) to follow."

Frank is also alleged to have

said that Waikiki is presently as Palm Springs will be "15 years from now."

The Star-Bulletin reporter who interviewed Bogert said that our mayor is investigating height limit laws and sign ordinances in the island city in order to avail himself of information which may be translated into thinking since Palm Springs is "just now going into multi-story buildings."

Also reported in the Hawaiian paper was this final paragraph: "He (Bogert) is traveling with Raymond John Ryan, multi-millionaire oilman from California."

From where?

DICK KARP SENT in the best suggested usage for Romanoff's. But there was some great competition. Fred Weigel suggested that Bobby Garcia might turn it into a "Hoops-On-the-Rocks" establishment. Riviera Hotel golf pro Dale Anderson figured it would be a natural spot for "Driving-On-the-Rocks" although the name has bad connotations. Lou Mawby wanted to take all of the new Chi Chi acts out there and call it "Rehearsals-On-the-Rocks."

Tony Capps saw a possibility for dance instruction there with the title "Cha Cha-On-the-Rocks."

There were a couple of other suggestions, but this is a family newspaper.

Karp's winner? "Auction-On-the-Rocks." (You think he's kidding? You ought to hear him now.)

NOTES OFF THE CUFF: You'll find a lot of laughs and a lot of fun in the new Chi Chi show. Helen Boice could make it bigger than Phyllis Diller or Caroline Richier with just a bit of a break.

Ben Burnett is scheduled to return for his 9th season at El Mirador. He's been a mainstay for the hotel.

THE DESERT PRESS Club at Palm Springs has big things going this weekend. Watch for the news.

And now, if you'll excuse me, I have to go check my record collection for something I can play on the Frank Day Show Saturday at the Howard Manor.

Now if I can just figure out what "holiday" music is?

SWITCH COMING for the Biltmore entertainment picture. And it'll probably make the Biltmore a fairly singular place in the Village. More on that next week.

Lou Sawyer phoned to say that enough of you good people took the advice and sent her a card (and phoned and stopped in) that she jumped right out of bed on Thursday.

Democrats Set For 2 Speakers

Two special speakers are scheduled to be announced Monday for a general meeting of the Palm Springs Area Democratic Club at 7:30 p.m., Wednesday.

The meeting, which will be held in the conference room at Coachella Valley Savings and Loan Association here, was called by Stanley Speigelman, president of the group.

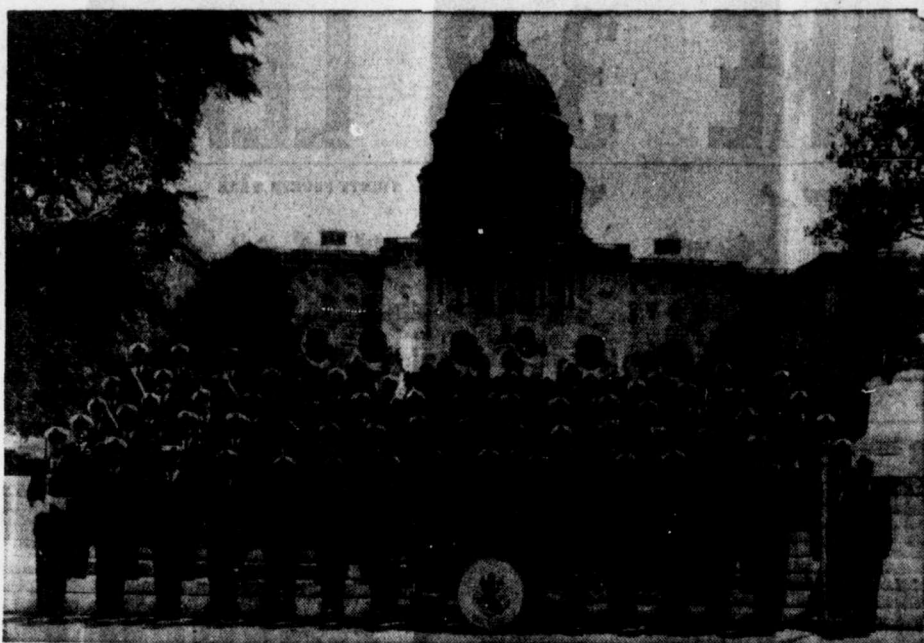

Entrance to the conference room is located behind the CVSLA offices.

Bo ice Like Sophie --Only More So

There's a trace of Sophie Tucker in Helen Boice's performance which marked the new show in the Chi Chi Starlite Room beginning last night.

But the comparison is only in style, not in depth of talent.

MISS BOICE PUTS a genuinely humorous show together for Chi Chi fans that relies not only on her grasp of comedy but also on her apparent attitude that if you want people to laugh, you've got to laugh, too. (It worked most effectively last night.)

Songwise, the Tucker - Boice comparison is unavoidable. Miss Boice even sings one of La Tucker's most requested tunes, "I'm Starting All Over Again" but that's not bad. And she delivers it well. Ever better was her rendition of "Everything Was Better Not So Long Ago," a cleverly contrived bit of special material right up Helen's alley.

THE HUMOR RUNS a gamut from the cute gag to the pastel blue with these samples gauged

at giving you the advance dope: "You can't wear a garter belt with bobby socks."

"I don't mind a sentence that ends with a proposition." " . . . they take along whiskey for snakebit — and a sackful of snakes." And so on . . .

BEFORE HELEN GETS on the Starlite Room stage, things are in a fairly live state.

Estelle Sloan, a veteran hooper, gives the new show a strictly pro beginning with her Irish jig the stand-out offering.

And Bob Newkirk, who was good in his appearance at the Chi Chi last term, demonstrated what a year's experience can do as he charmed the opening nighters with an array of songs that varied from a solidly rendered "Life Is Just a Bowl of Cherries" to a sentimental "Arrivederci, Roma."

All in all, it's an entertaining show. It has balance, talent and depth — and the Bill Alexander band to pull it all together. Who could ask for anything more?

The Desert Sun is an independent newspaper dedicated to truth, accuracy and impartiality in the news; to the progress of the desert region; to the support of that which it believes to be right and to the defeat of that which it believes wrong.

'No' Vote Recommended

The Desert Sun recommends you cast a "No" vote in tomorrow's Palm Springs schools tax override election.

We do this reluctantly, after analyzing all of the factual data supplied by the schools and unearthed by ourselves.

We do this, furthermore, with the realization that quite possibly, for a revised tax increase proposal at some time in the future, we might recommend passage.

Outweighing all other considerations in this proposal for a 60 cent permissable tax raise for the schools is the fact that it amounts, in this case, to a blank check. If passed, the 60 cent additional could be levied all or part in the first year, in any year, or in all the years to come.

Thus the voters are being asked to provide up to \$703,000 per year from here on, in addition to the present operating budget, for the Palm Springs Unified School District.

Neither the school board nor the administration has supplied a budget of expected expenses for which this huge increase in revenue is needed. It is, rather, a grab bag out of which could be taken funds to meet any increased expenses in the years to come. It is a grab bag which, even without any normal increase in assessed valuation for the District, would continue to be replenished each year in like amount, should the Board so desire.

True, the Board has said, and we believe sincerely, that only that portion of the increased funds which would be absolutely necessary, would be levied in any year. But it is true in governmental financing as it is in household financing, that money available is usually money spent. We're all human.

If this request for additional money is turned down, it is more than possible that the school administration and the Board can effect some budget economies for next year which will not affect the necessities of school operation. They will have a year in which to so plan.

In this regard, it is noteworthy that

in nearly every phase of school operation the Palm Springs Unified School District is far more expensive than its neighbors. This is not only on a total budget basis, it is on a basis of the cost per unit of average daily attendance—the cost per day of educating each child.

Our administrative cost of \$29.97 per child, for example, is more than twice the average of \$14.02 per child for the other four unified districts in Riverside County.

Our teacher salary cost per child per day is \$333, as compared to \$226 average for the other districts. So, similarly, through all the brackets of school operation, Palm Springs is not only higher than the average, it is higher than any other district. The sole exception is in the field of transportation where we are exceeded by Palo Verde, but are still much higher than the average.

These figures cited are authoritative, coming as they do from a compilation by the Riverside County Superintendent of Schools office. They were not supplied by the local school district.

In the light of all this, we suggest the school board and administration re-examine its budget. Then, if additional money is needed for ensuing years, submit a definite schedule to the voters for a definite amount. It would be better, too, if any future request for additional funds carried a time limit — perhaps three or four years. Thus, at the end of that period, the voters could re-examine the school program and expenditures before extending additional funds for future years.

The best possible job your school board and administration can do is to provide the educational facilities and standards you, the people, want — at the least possible cost. In essence, the program and the cost are yours and should be reviewed periodically with all the pertinent facts made known.

For all of the above reasons, and with the utmost of goodwill, again we recommend you vote "No" on tomorrow's election.

Political Pulse -- Michigan

DETROIT (AP) — Ordinarily it's no trouble at all getting a politician to predict a landslide victory for him and his party in an election.

But in Michigan even the candidates are a little hesitant to forecast the outcome of the Nov. 8 election, and in their hesitancy seems to lie the truth of the current political situation in the Wolverine state.

THE COMING elections in Michigan appear to observers at this point to be a tossup, with the Democrats perhaps holding an edge in the races for state offices and U.S. senator and the Republicans holding an advantage in the presidential contest.

Detroit Free Press political writer Ray Courage, who recently completed a door-to-door tour of a dozen communities, summed it up this way:

"THE PRESIDENTIAL race in Michigan is a tossup." Neither Vice President Richard M. Nixon or Sen. John F. Kennedy so far has "made significant gains. And one of every four voters interviewed is undecided."

On the state level, Courage found the races for governor and U.S. senator shoved into the back ground by the presidential contest but that "if either candidate for governor is making headway, it is Swainson (the Democrat). He benefits from a pleasing personality, a want-to-be-mothered look and his war injuries."

TWO BIG FACTORS in the election in Michigan are:

1. Six-term Democratic Gov. G. Mennen Williams is stepping aside and, 2. Historically Michigan has gone Republican in presidential elections, with the GOP carrying the state for Thomas E. Dewey in 1948 and President Eisenhower in 1952 and 1956 even when Democrat Williams was winning big at the state level.

Nixon and Kennedy would appear to agree with the tossup assessment. Both have campaigned

in the state already and both have promised to come back in pursuit of Michigan's 20 electoral votes.

THE QUESTION of Kennedy's religion has popped up in a small way in some outstate areas that are generally Protestant and generally Republican anyhow. But it would not appear to be a major issue here since, for example, both of Michigan's present U.S. senators are Roman Catholics and the late Frank Murphy also a Catholic, had no trouble getting elected governor.

One thing that could harass Kennedy in heavily Democratic Wayne County (Detroit), where civil rights is a major issue with the large Negro population and with organized labor, is the fact that Sen. Lyndon B. Johnson of Texas is his running mate for vice president.

THE FIRST REACTION of Gov. Williams and other Michigan delegates to the national Democratic convention to Johnson's selection was anger and disappointment. Some delegates even muttered about being "betrayed" and "double-crossed."

Just before leaving for the convention Williams had said Johnson could "add nothing" to the ticket in Michigan.

But now that they have him,

Williams and other Democrats say they like him. However, up to now they have not called upon him to campaign in Detroit or Wayne County.

DEMOCRATS FREELY and almost universally grant that not having Williams at the top of the state ticket this year will hurt them. Or, as a top-ranking Democratic organization official put it, "without him the outcome won't be as certain as it would be with him."

The candidates for governor this year are present Democratic Lt. Gov. John B. Swainson, a handsome, baby-faced young man of 35 who lost both his legs to a land mine in World War II, and Republican Paul D. Bagwell, 47, a Michigan State University professor who lost to Williams in 1958 and who, like his opponent, has a physical handicap. Bagwell's legs were crippled in a boyhood bout with polio and he gets around with the help of canes.

The candidates for U.S. senator are incumbent Democrat Patrick V. McNamara, 65, and Republican U.S. Rep. Alvin M. Bentley, 43, a millionaire and former Foreign Service officer from Dewey's old hometown, Owosso, Mich.

Letters to the Editor

The Desert Sun I should like to take this opportunity to express my hope that those voters who do not approve of the proposed tax override election on October 11 will more carefully consider what may happen if this rate limit increase fails to pass. I feel that for the most part, our Palm Springs schools are doing a good job and I feel it most important that we insure, what with the rising costs which we see all around us, that we

do not have to lose the ground we have gained in the past few years by having to cut back financially. It seems obvious that if we are to continue to make progress while meeting increasing enrollments and offering some of the vital services which our schools still need, we must take positive action and vote for the tax increase.

Sincerely,

School Board Views

(Editor's Note: The Desert Sun has afforded this space to the Palm Springs Board of Education for its editorial comments on tomorrow's tax override election.)

The members of the School Board have been elected by the community to guide its educational program. This responsibility has two parts—one, to represent the majority will in all matters; the other, to provide information which will lead the community to inquire into its educational goals and methods.

The present School Board is now faced with a problem wholly new in this community. In the past six years, school enrollment has doubled while the assessed property valuation has not. We see evidence of this change everywhere around us. A simple example will show how it affects school finance.

You collect equal taxes from five \$20,000 houses or one \$100,000 house—but from the five houses you enroll in the school system five families of children. They present us with this new choice: raise the tax limit—or reverse the policies of previous boards by lowering standards.

Another new problem faces us: national defense. The need for skilled performance in many areas is critical. Skill is developed only through proper education from the start and our nation is secure only when our people comprehend human values sufficiently to preserve the democratic tradition. According to how well it performs, every school in the nation either supports or weakens national survival.

Another serious problem is the increasingly intense competition to get a job or to get into college. This is most severe in Southern California where the population explosion will require construction of one new grammar school every nine days for the next ten years. Most of these Southern California communities have a far higher school tax than we do. Our children will have to compete with theirs when they are out of school.

Specific questions have been raised about costs in our school district. At Board budget sessions—which are open to the public—it is evident that costs for education, as for everything else, have always been higher in Palm Springs than in non-resort communities.

One reason for this is that State funds are contributed on the basis of ADA (average daily attendance). Each year our winter visitors bring a tremendous increase in our enrollment, for only part of the year. For them, we must provide teachers, space, books and services on a year-round basis although we cannot collect for them on that basis. State law demands that we enter these children in our schools. Economic survival for our community demands that we provide as good education for them as their classmates are getting at home.

Despite this financial handicap, Palm Springs has held its tax limit while almost every other community in California has long since raised its limit and its levy. Even with our new limit, we will still have one of the lowest school tax rates of any of the city school districts in California.

During the past year, the members of your School Board have put in 1,500 hours studying the problems of the district. We are well aware that many areas need improving and we are working on these diligently.

This need for improvement, the operation of our rapidly expanding school system, an ever-increasing assessed valuation ratio and an increasing dollar inflation, plus the decline percentage-wise of Federal and State funds for this district, indicate that an increase in the tax limit is now necessary.

The only alternative is to drop our standards. Any sober and responsible citizen will think a long time before so changing the character of our resort community.

We invite the public's participation in the formation of the budget, and at the Board meetings.

Your School Board is grateful for a free press in which valid questions can be asked and answered. Indeed, this free exchange is the best possible example of the democratic tradition we aspire to maintain.

Twelve golf courses
Now being played here,
There'll be thirteen
Within the next year.

But laying aside thoughts of that new course which is now reported in the planning stage, there are an even dozen in operation in the desert area.

TWO OF THEM being 9-hole courses, that's a total of 198 golf cups centering 198 verdant greens, between here and Indio. That's why we are called the Winter Golf Capital of the World. With around 2375 swimming pools within the city and scores more in the immediate vicinity, the desert has long claimed more pools per capita than any other place.

With 198 golf holes we can probably make the same per capita claim in that regard.

WHAT BRINGS THIS UP is that we could stage a tournament here that would outdo all other tournaments but probably would do in the most hardy golfer — a 192-hole event using all of the courses. Par would be high in the 700s.

Of course, they could split it up among several weekends which would give the tired golfers a chance to recuperate.

UP IN THE High Desert area they have just completed one of these marathon tournaments. In this one they played 16,500 yards of fairways — a little more than nine miles — a little more than in between. It was 28 miles from start to finish.

I haven't figured out the total length of fairways playing all 12 local courses but it would be more than 16,500 yards. Such a tournament would bring much publicity to the Desert area, also a lot of callouses.

DO YOU WRINKLE your brow and look mean so that people tell you to quit frowning?

Well, don't worry. The Let's Have Better Motels Association of Los Angeles announced the winning motto for October as: "Keep Frowning — You'll Get Credit for Thinking."

ONE OF OUR MORE unpleasant neighbors asked Mrs. G. on the eve of her departure for the Midwest last week, if she wasn't afraid to leave me unguarded, especially in Palm Springs.

"Oh, no," she replied. "He'll never chase another woman. He's too nice, too decent."

"And besides, he's too lazy."

THE OTHER DAY I mentioned something about the Abe Lincoln four-cent stamps facing the wrong way which caused the man dunking doughnuts at the lunch counter the next morning to ask me if I'd seen those new up-and-down stamps just out.

"Why," he wanted to know, "do we put Japan on a United States stamp?"

"They're not printing them over there, are they? When I first looked I thought it was some more of this 'Made in Japan' stuff."

In "Changing Times" I read this: "Scientists say that a duck is followed by ducklings because of the way she swings when she walks. 'Chicks have been followed for the same reason.'"

MIKE CONNOLLY:

Hong Kong in Honolulu

HOLLYWOOD — Rod Taylor and Jack Kruschen are packing to film six of the next 13 of Fox-TV's Hong Kong episodes in Honolulu. There'll be more of the Kaiser-sponsored series shot there — because sponsor Henry J. Kaiser likes to WATCH 'em being shot. "The Boss," as they call him on the Islands, is one of the most dedicated fans I've ever met.

One fan magazine this month has Mike Landon, the younger brother in Bonanza, telling about "My Terrible Teen-age Mistakes." Another has Mike cliff-hanging (prepositionally) with "The Teen-age Life I'm Ashamed Of." This kid must've been some teen-ager!

A PRODUCER CONFIDED to your correspondent: "I'll be truthful — the sneak preview of my new mystery movie wasn't so hot but I've got a great publicity gimmick, something like Alfred Hitchcock's for 'Psycho' — I'm asking the critics not to reveal the ending, the middle OR the beginning."

Clifton Webb talked himself hoarse selling a table of 20 (at \$100-per-plate) for the Los Angeles Sports Arena's closed-circuit telecast of Henry Cabot Lodge's political pitch, with President Eisenhower cut in on the same channel from Chicago and Vice President Nixon carrying the ball in Boston. So hoarse indeed was Webb that he was able only to escort Rosalind Russell up to the podium and let her speak for Nixon-Lodge while he clung on to her arm croaking something indistinguishable.

THE STRANGE thing about TV composer Henry Mancini's success over the past year is that "nobody" knew him except those in the movie industry for years before that. Prior to being "discovered" by the public in the credit-rolls for the Peter Gunn series, Mancini wrote the musical scores for 102 movies.

Dinah Shore tells me ALL her Sunday shows this season will be specials. The "non-Dinah" shows will include a musical version of Stephen Vincent Benet's O'Halloran's Luck, a St. Patrick's Day offering, and a New Year's Day party — on Sunday, Jan. 1 — starring Peggy Lee. Dinah's own will include The Blues, in which Dinah, Ella Fitzgerald and Joy Williams will run the gamut of the blues from happy-blues to sad-blues. She'll

also do a straight drama, with no songs whatsoever, co-starred with Jose Ferrer.

DARRYL HICKMAN wrote a script called The Golden Cord for The Loretta Young Show in which he describes the hero as "a Darryl Hickman-type." Loretta bought it and signed the playwright to act it. . . . Darryl's brother Dwayne will sing a song in one out of every four Dobie Gillis segments this season.

Steve McQueen bought a new sports car with three speeds: Fast, Faster, and I'm Sorry-Officer!

HOLLYWOOD HOTSTUFF — Bobby Darin has arrived. A scandal magazine is preparing an expose of the 24-year-old singer's "torrid love life."

Lee Remick was signed, sealed and delivered for the starring role in Freddie Brisson's Broadway-bound Under the Yum Yum Tree. Then Dean Jones landed the leading man's role and the script was rewritten. Miss Remick read it again and backed out of it with this excuse: "The plot is ALL Dean Jones!" So Sandra ("Gypsy") Church ropes the Remick role. Gig Young is in it too, with Nan Martin as his girl friend. She lends her apartment to Sandra and thereby loses her lover boy. It sounds like a distasteful switch on The Apartment.

THE BROADWAY-bound invitation to a March is also getting a rewrite. Shelley Winters raised the roof because Eileen Heckart and Jane Fonda received better reviews on the try-out tour than Shell. So playwright Arthur Laurents is padding her part.

Remember how Noel Coward stole Our Man in Havana right out from Sir Alec Guinness? The actor - playwright - songwriter - novelist has accomplished the same feat in Surprise Package. His victim this time is Yui Brynner.

FRANK SINATRA and Spencer Tracy expressed some concern about having to put up with the primitive way of life on the island of Maui, where they're shooting earthquake scenes for The Devil at 4 O'Clock. Producer Mervyn LeRoy cabled a restaurateur friend of his on Waikiki Beach and Don the Beachcomber is now running a daily luncheon afloat to Maui so that the boys won't be roughin' it any more.

Letters to the Editor

The Desert Sun Why not print some figures on the tax subject which are very carefully avoided on this (the proponents') question and answer page?"

Not one word is said about the great increase of property on the tax rolls. Why raise the rate when there is so much more property to tax?

When the present rate of \$1.65 was established, \$100 in assessed valuation produced in school taxes \$1.65.

Today, for each \$100 at that time, we probably have \$300 in assessed valuation, which at \$1.65 will produce \$4.95.

In 5 years we will probably have for each \$100 of assessed valuation when present tax rate was made \$700 of assessed valuation which will produce at \$1.65,

\$11.55. If the correct figures from the tax rolls were produced, and an accurate estimate of the future made, instead of above guesses, it is quite possible more taxes for the schools would be shown.

Sure, we need more money for the schools, but we do not need a higher rate, the increase in the amount of the property to be taxed will take care of the situation, unless the schools have found a way to spend it faster than the population and economy justifies.

Why not dig up some figures and print them so this will not be a one-sided argument?

Yours truly,
ROY RODNEY JONES

Palm Springs' new \$70,000 fire station is expected to be ready for use about March 1, according to George Minturn, city engineer. The completion date is somewhat indefinite, however, since a shortage of steel foundation reinforcements exists. The cement foundation forms are in place now, Minturn said. Located at the northwest corner of Ramon Road and Sunrise Way, the building will be equipped to handle a complete fire fighting unit and complete living quarters for the crew.

High temperature last week was 107, low 64.

It was revealed by Farrell this week that the 12-goal championship of the California Polo Circuit, which includes such famous teams as San Mateo, Riviera, Santa Barbara, Midwick, Uplifters, Delmonte and Burlingame, will be played here between Jan. 6 and 20. Palm Springs also will have a team in the two week tournament.

Hadassah Observes Sukkot

The opening meeting of Palm Springs Chapter of Hadassah will observe the eight-day Sukkot Festival, as well as commemorate the 12th anniversary of the United Nations. Called for Wednesday, October 12, at noon, it will be a luncheon meeting at the Jewish Community Center, 332 West Aljo Road.

C.C. Club Makes Plans for The Year

The annual Christmas party, fund raising activities and the year book were on the agenda of the first meeting of the current year for the Cathedral City Junior Women's Club, held at the Town Hall.

Following the welcome to members and guests by president Mrs. Harold Bentley, the pledge of allegiance was led by religious and spiritual chairman Mrs. George Rodman, who also read the invocation. The singing of "America The Beautiful" was to the piano accompaniment of Mrs. Hugh Betts.

Mrs. Wayne Kizer, ways and means chairman, appealed to the membership for support in the sale of Christmas cards to raise the necessary funds for the Christmas Party for pre-school and elementary school children in the Cathedral City area, sponsored each year by the local organization.

A motion to have the activities of the Cathedral City Women's Club and the Junior membership printed as a joint yearbook again this year, met with approval.

Mrs. Ed Willis was appointed to fill the vacancy of vice president created by the resignation of Mrs. Merrill Ostad. Other vacancies, of recording secretary and auditor, were filled respectively by Mrs. Bill Ridley and Mrs. Jim Schultz.

At the close of the business meeting, colored slides of the Hawaiian Party, held last spring, were shown, before hostesses Mrs. Willis and Mrs. Jim Schultz served refreshments of angel food cake topped with crushed strawberries.

Guests in attendance were Mrs. May Cooper, Peggy Cornell, Lois Wynne, Peggy Hamilton, Senior Women's Club president Mrs. Otto Paulsen and Senior co-ordinator Mrs. John Thompson.

Mrs. Donald Marx, chairman of the American Association for the United Nations of Palm Springs will present the film "For All the World's Children," which in part shows the cooperation between UNESCO and the Youth Aliyah program in Israel. As the official representative in the United States of the Youth Aliyah (immigration) movement, under the auspices of the Jewish Agency for Israel, Hadassah has already helped resettle and rehabilitate in Israel some 95,000 Jewish youths from 72 lands.

Mrs. Joseph Plotkin, Youth Aliyah chairman of the Palm Springs Chapter of Hadassah, heads the list of hostesses of the luncheon committee, assisted by Mesdames Maurice Adass, Clara Fox, Elizabeth Fox, Ben J. Jaffe, Rose W. Levinson, Kate Neishuler, and Harold Sobel.

Mrs. John Chernus, president, said today that she is looking forward to the opportunity to greet all members personally, and extends a warm welcome to all Hadassah women visiting in our community.

Any Occasion Is Excuse for Luau in The Islands

HONOLULU APG — Cooks of old Hawaii had the time-saving idea. They prepared several days' meals at one time, instead of cooking in three squares a day in a hot imu.

And men, not women, did the cooking. There even were separate "imus" — underground ovens — for each sex, says the Hawaiian Almanac.

In the good old days, any occasion — wedding dedication of a new home, birthdays, or the departure of visitors — was an excuse for a luau.

To get an idea of the modern island feasts, I talked with Howard Kekahoukalanikiekie Morris, grandson of a governor of Hawaii, largest and southernmost island in the 50th state.

Morris is director of activities at a luxury hotel (Hawaiian Village) on Honolulu's resort strip, Waikiki Beach. Part of his job is overseeing festivities at the hotel's semi-weekly luau for guests and other visitors.

The hotel luau usually consist of 14 dishes, Morris said, including these Hawaiian foods:

—The traditional "kalua puua," a suckling pig roasted whole in a hole-in-the-ground oven lined with pre-heated volcanic rock.

—Yams roasted in their skins in the imu.

—"Kamano Lomi," pickled salmon, hand-kneaded with chopped ice, fresh tomatoes and green onions.

—"Haupia," coconut pudding made from coconut cream thickened enough with cornstarch or arrowroot to be eaten out of the hand.

Pork, salmon and a spinachlike green, the leaf of the taro plant, are traditionally eaten with "poi," a thick, purplish-gray paste

made from taro root, and the starchy staple of island cookery.

But few non-Hawaiians develop a taste for poi, Morris said.

No wonder. It's an unappetizing color, almost tasteless, and stickier than peanut butter. Even eating it according to custom with rock salt and flavorsome foods doesn't make it palatable to the average diner.

How do the other Hawaiian specialties taste? The pork is rich and mildly seasoned. The yams are yummy. The salmon, a bit too salty for most tastes. The pudding, however, is delicious, flavored lightly with coconut but without grated coconut to stick in the teeth.

Preparing mainland versions of these foods is not as difficult as you'd imagine. A recommended guide for the project is "Hawaiian and Pacific Foods," by Katherine Bazzore, originally published in New York (by Barrows) in 1940, now in its seventh printing.

Sisterhood Installs at P.S. Riviera

More than seventy-two members and friends witnessed the installation of new officers of the Desert Hot Springs Sisterhood of the Congregation of Nové Sholem at a luncheon at the Riviera Hotel Wednesday.

Rabbi Isaac E. Bloch, pastor of Nové Sholem, acted as master of ceremonies and installing officer.

Luncheon was hostessed by Mrs. Jennie Frank who along with several other members, also made a financial contribution to the Sisterhood maintenance fund.

Officers installed were Matilda Becsky, president; Bessie Winter, first vice president; Minna Rose, second vice president; Minnie Kravitz, recording secretary; Bess Goldman, treasurer; Clara Treger, financial secretary; Esther Bloch, chaplain. Trustees are Anna Fox, Clara Katz, Sally Good, Edith Barak; members of the board, Eva Galvin, Rose Klein; chairman of sewing, Ann Berger.

Several out-of-town guests attended the luncheon.

Crunchy Topped Apple Muffins

Here's a delicious, delicate muffin that will add a touch of excitement to any meal — Crunchy Apple Muffins. The batter — extra moist and tender because it's made with nonfat dry milk — is chock-full of apple-cinnamon flavor. It's topped with a spicy nut mixture, and popped into a piping hot oven. They bake with a delectable fragrance guaranteed to tempt folks even before they taste them.

Crunchy Apple Muffins
1½ cups sifted all-purpose flour ¼ tsp. Cinnamon
½ cup Sugar ¼ cup soft Shortening
2 tsp. Baking Powder 1 Egg
¼ tsp. Salt ½ cup Water
¼ cup Pet Instant (in dry form) 1 cup Apple (peeled and finely cut)

Topping ½ cup Brown Sugar ½ cup finely cut Nuts

Turn on oven and set at 375 (high moderate). Sift flour, sugar, baking powder, salt, nonfat dry milk and cinnamon together in a 1½ qt. bowl. Add shortening, egg, water and apple all at once and mix quickly but thoroughly. Spoon batter into 12 greased muffin cups. Sprinkle on top of batter in cups a mixture of brown sugar, cinnamon and finely cut nuts. Bake near center of oven 20 minutes, or until lightly browned. Serve warm. Makes 12 muffins.

Potluck Is Welcome for Pastor

Welcoming home their pastor Dr. James H. Blackstone and his family, who were in Hawaii this summer, over 150 families gathered in the social hall of Palm Springs Community Church Wednesday evening for the first potluck of the fall season. As "aloha" was in order, many arrived in Hawaiian attire. When the Blackstone's daughter Bonnie won the Teen Angel Contest she also won the prize of a trip for two to Honolulu. As a result, she and her parents spent a portion of their vacation in the Islands.

Hawaiian centerpieces, which Mrs. Jack Coppas had brought back from the Islands, decorated the dinner tables.

Mrs. David McDavid and the Naomi Circle were in charge of the dinner preparations.

Following dinner, the regular mid-week service was held. Afterwards the Blackstones showed colored slides which they took this summer, and also pictures of his son Dick and his bride Leila, who were married in Glendale early in September.

AFTER SIXTEEN YEARS of separation Mrs. Clarence Strand of Blue Skies Trailer Park was reunited with her son Emery Stewart, Fireman USN, through a Hollywood television program, "About Faces." The two will be seen on Channel 7, Wednesday at 1 p. m. (Desert Sun Photo)

Mother and Son Reunited after 16 Year Separation

After a separation of 16 years, a Cathedral City mother and her son were reunited this week when the Ben Alexander's "About Faces" TV show surprised her and brought the youth to Hollywood.

Mrs. Clarence Strand of Blue Skies Trailer Village, was asked to come to Hollywood to appear on the show and believed that it was so her son Emery (Ronnie) Stewart, stationed in Charleston, S. C., could see her.

But much to her surprise, as she went onto the stage, her son was there to meet her.

Stewart, a fireman in the U.S. Navy, stationed on the U. S. S. Pandemus, was flown to Hollywood to surprise his mother, and today they are together at Mrs. Strand's home at Blue Skies Trailer Park.

Parted from her son when he was three, Mrs. Strand gave cus-

tomorrow of the boy to her former husband, Ronnie's father, because she felt he was financially able to do more for the child. Eventually she married and has lived in Cathedral City for the past several years.

After many years of trying to locate his mother, Ronnie learned her address from a birth certificate, and started a search for her in Arkansas. Friends in her home town told her of the search, and soon the two were in touch with one another.

But his duties in the Navy kept him from visiting his mother, so "About Faces" arranged a leave for the youth and he came to California.

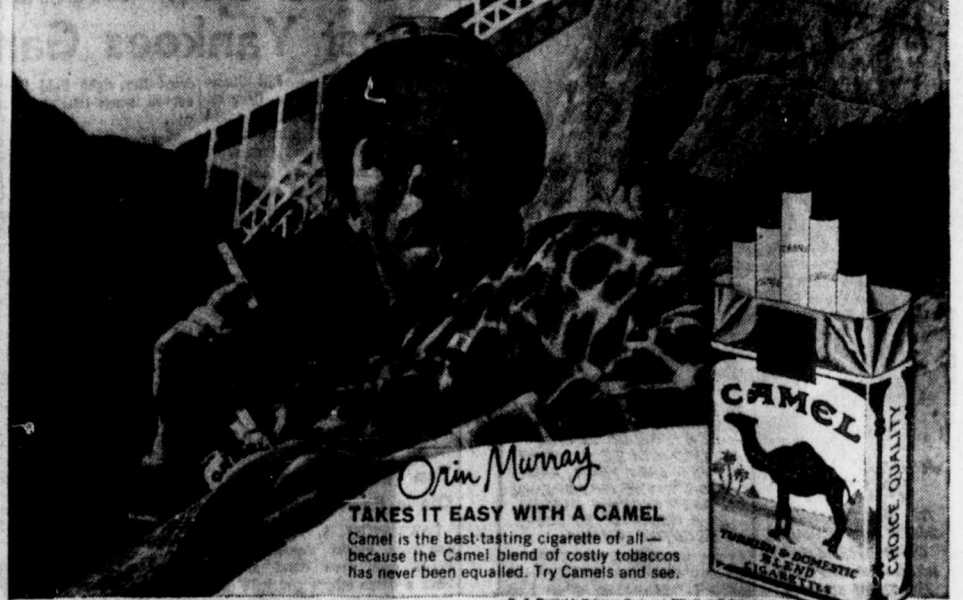

The program on which they will appear will be shown over ABC-TV, coast-to-coast network, Channel 7, on Wednesday, October 12 at 1 p.m.

Haddix to Oppose Rookie In Fifth Game of Series

Stengel May Try Stafford

By LEO H. PETERSEN
UPI Sports Editor

NEW YORK (UPI) — The Pittsburgh Pirates, confident they've won the "big one," send battle-tested Harvey Haddix to the mound in the fifth game of the World Series today while manager Casey Stengel of the New York Yankees ponders starting rookie Bill Stafford in one of the most daring gambles in the history of the classic.

All even at two victories each after the Pirates' 3-2 victory in the tense fourth game of the Series Sunday, the teams close out the New York phase of the Series today before another crowd of about 70,000. The Series will resume in Pittsburgh on Wednesday and the seventh game, if needed, is scheduled for Thursday.

THE YANKEES, who have won two games "by a mile" and lost two "by inches," ruled 8 to 5 favorites to win today's fifth game and were 9 to 5 choices to win their eighth world championship in 12 years under Casey Stengel.

The odds were a tribute to the professional bettors' confidence in Stengel and the Yankees even though the Pirates were firing an experienced pitcher of solid talents today while 70-year-old Stengel seemed about to entrust the vital pitching assignment for the fifth game to the most inexperienced pitcher ever to start a World Series game.

The man on the spot, as Stengel pondered the ramifications of the move overnight, was the 22-year-old Stafford, a tall, skinny right-hander who didn't join the Yankees from Richmond of the International League until August 15.

Haddix, the "man who pitched the perfect game and lost it," is a little left-hander with a wide assortment of low-breaking curves and sliders who figures to be troublesome for any free-swinging team like the Yankees. He had only an 11-10 record, a 3.98 earned run average and pitched four complete games this year, but is the type pitcher who often in the past has risen to stardom in Series games.

THE PIRATES had two reasons to feel confident — they won the best game played in the Series so far Sunday and no matter what happens today they will go back home for the final two games.

They got sturdy early-inning pitching from Vern Law and they got a strong wind-up performance from Elroy Face, their pint-sized relief hero.

Law, a 20-game winning hero for the Pirates during the National League season, fought his way out of a tough first-inning jam and then held the Yankees at bay long enough for his mates to take their lead with the aid of Bill Virdon's two-run bloop single in the fifth.

The Pirates needed one more key play to win it, after Face replaced Law, and they got it when Virdon raced to the base of the bleacher wall, 407 feet from the plate, to haul down Bob Cerv's seventh-inning hit for a two-run triple.

Call Issued for Baseball Players For New League

ROY E. GROW, recreation supervisor, said today that first practice session for adult baseball is slated for Thursday night at 7 o'clock at the Polo Grounds.

The Coachella Valley Savings and Loan team, which represents Palm Springs in winter baseball, will be under the management of Bob Williams and John Marinko.

A Desert League has been formed and will include teams from Palm Springs, Indio, Coachella, Twentynine Palms, Banning and possibly others in the area.

It is planned to play games each Sunday, starting at the end of this month and winding up in February.

Grow urged that all interested to turn out Thursday night for the first session.

He said that there will be two teams from Palm Springs in the Desert League.

BUCS PROVE THEIR COURAGE

Pirates Bounce Back After 2 Clobberings

NEW YORK (UPI) — Whether history finally writes that they won or lost the World Series, the Pittsburgh Pirates of 1960 now feel they have proved their courage.

Few teams in baseball annals were the targets of more rude jokes than these Corsairs when they absorbed back-to-back 16-3 and 10-0 drubbings from the New York Yankees. Words like "overrated" were being tossed around and gossiped inquired whether the Pirates would "show up for the rest of the series."

ALL THAT ENDED Sunday, however, when the Pirates outscraped the Yankees in a tough 3-2 game that could have gone either way.

"We showed 'em we had guts enough to come off the floor and bounce right back," said Dick Groat, shortstop and team captain. "All of a sudden, we're alive again."

Pirate manager Danny Murtaugh likes to maintain that his athletes "never are affected in today's game by the memory of what happened yesterday," and he insists that his club "was not down in the dumps" after those two nightmarish beatings.

BUT THERE COULD be no doubt in the Pirate clubhouse that these Bucs felt they had proved something. Their dressing room celebration after Sunday's triumph was not unrestrained glee, but a quiet, proud nodding of heads with the recurrent theme, "we showed 'em."

Murtaugh declared that he was not surprised at the strong comeback.

"We have been counted out lots of times before," said Murtaugh. "And we have always bounced back. One Pittsburgh writer said we were 'resilient.' I don't know how to spell it, but that's what we are."

YOGI AND CERV MOURNING

Just a Few Inches Cost Yankees Game

NEW YORK (UPI) — Bill Skowron, Yogi Berra and Bob Cerv today regretfully accepted the full significance of that adage that "inches decide baseball games."

All three members of the New York Yankees realized they could have won Sunday's fourth World Series game against the Pittsburgh Pirates.

If Berra had beat out his rally-killing double play grounder in the first inning.

If Skowron's disputed toss to second base on Smoky Burgess' grounder beat the sliding Gino Cimoli in the fifth inning.

If Cerv's towering blast to centerfielder Bill Virdon in the seventh inches longer.

If Skowron's ninth inning poke

down the right field line hadn't curved inches foul at the last second.

Skowron shouldered all the blame for his fielding play in the fifth inning that led to the Pirates' winning three-run rally. "Nobody hollered at me where to throw," the dark-haired first baseman explained. "I wouldn't have heard 'em anyway. I made up my mind to throw to second the minute the ball was hit."

"I thought the throw would beat the runner and it was close. It could have gone either way."

Of all the Yankees, Berra was most downcast over Sunday's defeat that tied the Series at 2-1. And he was equally bitter over being called out on the tag end of the Pirates' crucial double play in the opening inning.

"I was safe but the umpire (Dusty Boggess) called me out," Yogi growled. "He's the boss, so what can you do?"

Ten Thoroughbreds Die in Barn Blaze

PAWTUCKET, R. I. (UPI) — Ten race horses valued up to \$50,000 each were dead and at least a dozen others ran wild here today following a flash fire which swept two Narragansett race track stables.

Unofficial estimates indicated total damage might go as high as \$500,000.

Intersectional Outlook Is Up For Far West

Coast Teams Win In Cross-Country Gridiron Clashes

By United Press International
Things looked a little brighter for the West Coast on the intersectional scene today with both Oregon State and College of Pacific holding victories over cross-country foes.

The Beavers defeated Indiana, 26-6, on Saturday as Chuck Marshall tallied twice in the last period to pad a 7-6 lead. And College of Pacific helped coach Jack Myers celebrate his 36th birthday with Dick Scott and Herm Urenda lighting the candles. Scott scored twice against the weak Wildcats and Urenda set up another touchdown after returning a punt 60 yards.

WASHINGTON'S HUSKIES won the first "Big Five" game of the season as expected by downing Stanford, 29-10. The Indians, now winless in all four of their contests, put themselves in the soup with mistakes and fumbles. Charlie Mitchell got off a 59-yard touchdown run to spark the Husky attack.

Washington State, a two-point underdog, closed with a roar late in the final quarter to gain a 21-21 tie with California. The Bears seemed to have their first win in the bag after Steve Bates had raced 45 yards for a touchdown to get them on the way to a 21-13 lead. But quarterback Mel Melin passed 17 yards to Lee Schroeder for a touchdown with 1:38 to go and Keith Lincoln ran the ball over for the tying brace of points.

OREGON SAILED through San Jose State, 33-0, with one of the touchdowns coming on a 50 yard runback by center Bill Swain of an intercepted pass. San Jose gave up two touchdowns in the last period as its aerial attack fell apart.

Fresno State also made the coast look good in the intersectional match with a 20-19 win over Abilene Christian. The Spartans won in the closing moments when Mick Papac passed to Jay Buckert in the end zone and Gary Mossman kicked the vital conversion.

Probe Ordered As Pro Gridder Dies After Game

HOUSTON, Tex. (UPI) — Houston officials today probed the death of a New York Titan professional football player to determine whether he died from heat prostration or a head injury.

An autopsy was to be performed on the body of Howard Glenn, a 24-year-old offensive guard. Glenn collapsed after leaving the field in the Titan-Houston Oilers game Sunday, and died about two hours later.

It was at first believed the 6-2, 245-pound guard was suffering from heat prostration from playing in the 90-degree weather. But two physicians who examined the Vancouver, Wash., native immediately after the game disagreed and ordered him to a hospital.

A spokesman at the hospital where Glenn died said the cause of death appeared to be a concussion followed by a cerebral hemorrhage.

Volleyball Drills On Wednesdays

City Recreation Department said today that any adult over 18 years of age is invited to take in the outdoor Volleyball practice sessions held each Wednesday night at 8 p.m. at the Polo Grounds. The courts are located outside of the scoreboard of the ball park.

Plans for the formation of a winter league will be discussed and teams will be lined up at this week's session.

Mississippi on Way to Take Over Grid Lead

By United Press International

Mississippi may find itself all alone in the running for college football's No. 1 rating next week after Syracuse, Ohio State and Iowa have finished playing their toughest opponents of the season thus far.

The Rebels presented coach Johnny Vaught with his 100th victory during the weekend and are overwhelming favorites to start him on his second century of triumphs in a breather against Alabama.

SYRACUSE, THE defending titlist which survived close tussles with Kansas and Holy Cross in its last two starts, tangles with Penn State Saturday in a battle of eastern giants. The Nittany Lions knocked Army from the unbeaten ranks with two touchdowns in the last period.

Ohio State, handed Illinois its first setback in another major upset but now faces a threat to its chances for a big 10 title from Purdue.

Wisconsin, now 3-0, tried to duplicate the feat against the Iowa Hawkeyes, the Big 10 leaders, in another conference clash.

Mississippi, bidding to jump from second place to the top in the national ratings, scored all its points in the first half, victimizing Vanderbilt, 26-0.

Syracuse wasn't sure of winning its 20th straight regular season game until the last 11 seconds when quarterback Dave Sarrette tossed a 23-yard touchdown pass to Ernie Davis for a 15-6 win.

OHIO STATE, rated No. 5, won its fourth straight by toppling

Halas Tactics Draw Protest By Waterfield

Ram Coach Plans To Take Charge to NFL Commission

CHICAGO (UPI) — Los Angeles Rams coach Bob Waterfield claimed today he knew the "Bear" facts why his team lost to pass - happy Chicago - and he planned to tell them to National Football League commissioner Pete Rozelle.

Waterfield charged after the Rams' 24-27 loss to the Bears at Wrigley Field Sunday that Bear owner-coach George Halas deliberately disrupted the Rams' offensive signals, causing Los Angeles to commit backfield mistakes.

The Ram mentor said Halas had instructed one of the Bear line-backers, Bill George, to imitate the offensive signals of Los Angeles quarterback Bill Wade, forcing the Rams into illegal procedure and offside penalties.

Los Angeles was called four times for the infractions in the first half, and once confusion in the backfield caused Wade to fumble.

THE FUBLE LED to a first-period field goal for the Bears. Waterfield said Rozelle had ruled earlier on "copy-cat tactics" such as these and they were to be subject to a 15-yard penalty for unsportsmanlike conduct.

"This is out and out defiance of the commissioner's edict," Waterfield said. "It eliminated the Ram offense from going on the quick count. Either the commissioner has guts and does something about it or Halas makes a travesty of the league."

The Rams' play during the afternoon did nothing to help Waterfield's tension, and the thought of playing the world champion Colts in Baltimore next week while sporting an 0-3 record added to his worries.

AGAINST THE BEARS the Los Angeles pass defense allowed a whopping 312 yards through the air as Chicago quarterback Ed Brown passed for three scores, all on plays of 45 yards or more.

Los Angeles, losing its 11th straight league game, dating back to October of 1959, was inept statistically against the Bears, rushing for only 83 yards and passing for only 16 yards.

The Rams, after bringing the score to 27-34, got to Chicago's 21 yard line late in the final quarter but a key interception on a Bill Wade pass by Richie Petitbon ruined their final hopes.

But in the end, the Rams' hapless first half defense, which allowed the Bears to score the first five times they had their hands on the ball, proved to be the key to their collapse.

Richards Offered Job to Manage Detroit Tigers

NEW YORK (UPI) — Paul Richards of Baltimore, probably the most sought after man in baseball, has been approached about taking over both the general manager and field manager's job with the Detroit Tigers, the United Press International learned today.

The 51-year-old Richards is a leading candidate for "Manager of the Year" honors on the basis of Baltimore's surprising challenge for the American League pennant this season and eventual second-place finish.

Washington, aiming for a second straight Rose Bowl berth, took over the lead in the West Coast's Big Five scramble by humbling Stanford, 29-10.

Casper Hottest Choice to Win

COSTA MESA (UPI) — The Mesa Verde golf course was set today for an invasion of the nation's touring pros who are expected to be in top form after a week's layoff from tournament play.

Jay Hebert, the 1960 national PGA champion, is defending titlist in the 72-hole Orange County Open which starts Thursday.

The hottest entry, however, is Bill Casper Jr., Apple Valley, who will be shooting for his third consecutive victory on the tournament trail.

DAY-BY-DAY HISTORY

'Year of the Polaris' to Be Shown on CBS Reports

The Polaris is a most unusual "bird," says Jack Beck, producer of the "CBS Reports" program, "The Year of the Polaris," to be presented on the CBS Television Network Tuesday, Oct. 11 (8-9 p.m.), "and filming its life story was a most unusual assignment."

In recording the day-by-day history of the Polaris and the sub that can launch the missile from under water — as well as filming interviews with top Navy officials on the significance of the new weapon — Beck found himself caught up in the old military game of "hurry up and wait."

IN MARCH of this year, Beck raced to Cape Canaveral, Fla., to record the thunderous launch of the first flight of an inertially guided Polaris, then had to mark time while test data were being evaluated.

When Edward R. Murrow, reporter for the program, landed in San Francisco after a tour of the world, Beck flew to see him, spent six hours explaining the "history now" purpose of "The Year of the Polaris" — and took off next morning with Murrow for Sacramento to study the precise methods used by Aeronautics Corporation technicians to mix and shape the solid propellants used in ship-board missiles.

"MURROW SPENT two days bawling out his chemistry," says Beck. "He always does his homework."

Having hurried, Beck waited. In the early summer, he flew again to Cape Canaveral, Fla., to record a test firing — but the "bird" refused to fly. While the navy burrowed into its date to find the reason, Beck returned to Los Angeles to help CBS News cover the Democratic National Convention — and before it ended, flew back to Canaveral to cover another test firing, this one successful.

Beck is back in the editing room now, breathless, but convinced that he has produced an exciting day-by-day documentation of the development of a unique sub-launched missile and a penetrating study of its political, military, and economic significance.

ations, on the political implications of Polaris.

JUST BEFORE Labor Day, he interviewed Commander James Osborne, skipper of the George Washington — first submarine ever to fire a live missile from beneath the sea — on the deck of his sub at New London, Conn., then hurried to Los Angeles to film Labor Day automobile accidents for another "CBS Reports" program.

Beck is back in the editing room now, breathless, but convinced that he has produced an exciting day-by-day documentation of the development of a unique sub-launched missile and a penetrating study of its political, military, and economic significance.

Lodge to Be Interviewed by Walter Cronkite

Henry Cabot Lodge, Republican Vice Presidential nominee, will be interviewed informally by CBS News Correspondent Walter Cronkite on the "Presidential Countdown" series, Monday, Oct. 10 (10:30-11 p.m.), on the CBS Television Network.

The program, titled "Mr. Lodge: A Profile," will complete the ring of "Presidential Countdown" studies of the major Presidential and Vice Presidential candidates.

The Lodge appearance will be the fifth in a series of nine special pre-election "Presidential Countdown" broadcasts, which have already profiled Senator John F. Kennedy, Vice President Richard M. Nixon and Senator Lyndon B. Johnson.
